

TRONCHAIN

100% Decentralised Smart Contract

ABOUT TRONCHAIN PLATFORM

TronChain platform was developed by a blockchain software development team using smart contracts and offers an opportunity to You in a completely decentralized manner.

TronChain tech team is aware of the potential mistakes and situations in traditional MLM companies. A centralized structure is always insecure, Your money is in danger of being stolen or left in other peoples hands, facing a lack of transparency, variable management decisions and risk of delayed payouts

**Are TRONCHAIN codes safe?
Are there any errors in the codes?**

We have a third party company audit report that is public for everyone to view. For full transparency, the coding of the Smart Contract can be found on the homepage.

TRONCHAIN AUDIT REPORT

The code of the smart contract have been audited by an independent third party audit firm and the audit report is on the home page.

YOUR SAFETY IS THE MOST IMPORTANT THING TO US

WHAT ARE THE ADVANTAGES OF THE TRONCHAIN PLATFORM?

Completely Decentralized – TronChain is not managed by anyone, including its own software team. It is developed as a fully autonomous system. No person has access to funds. Your funds are secured between you and the smart contract.

Transparency - You can transparently view all transactions in detail that have been made via the smart contract since its creation.

Instant Transactions - Nobody needs to process your contributions or withdrawal requests. Transactions are approved within seconds on the Tron blockchain and all your transactions are reflected instantly. You have the right to make unlimited transactions depending on your balance.

Immutability – TronChain cannot be affected by any decision changes from the day it was born. Once defined, it is like a law that cannot be bent or changed in any way.

Marketing Plan – TronChain rewards plan is designed for unparalleled sustainability whilst meeting the expectations of both the passive participants and leaders who are building teams.

High Security - Smart contracts are part of Blockchain technology. Blockchain is a secure technology that no hacker can access. For this reason, your contributions are secured.
